10. REFORMS AND RATIONALISATION

1) ADMISSION PROCEDURE OF A CANDIDATE TO THE ORAL EXAMINATION

As per the existing procedure to admit a candidate to the Oral Examination, if the number of vacancies for any one of the class components (Viz., SC, ST, MBC, BC, GT) is four and below, the number of candidates to be admitted to the Oral examination from such a class component, and as well from the remaining other class components irrespective of the number of vacancies in those class components, shall be exactly three times the number of candidates to be recruited against each reservation group based on the marks obtained at the written examination. In other cases the number of candidates to be admitted to the oral examination shall be exactly two times the number of vacancies for each reservation group.

By adopting this procedure, a large number of candidates have to be admitted to the oral examination unnecessarily in some recruitment. To avoid such admittance the commission has now decided as follows. i.e. if the number of vacancies in any one or more class component (Viz., SC, ST, MBC, BC, GT) is five and above, the number of candidates to be admitted to the Oral examination shall be two times the number of vacancies to be recruited against those reservation groups based on the marks obtained at the main written examination, and if the number of vacancies in any one or more of the remaining reservation groups for the

same recruitment is four and below, the number of candidates to be admitted to the Oral examination from those particular reservation groups shall be three times the number of vacancies.

2) OMR APPLICATION FORMS

The commission have also decided to introduce a simplified single sheet common application form for all the recruitment examination conducted by the commission. The OMR application forms have been so devised which will be scanned by using OMR Technology. The implementation of this method will mainly help in high speed processing of data much faster than manual by attending to the same, other benefits are mainly accuracy and faster generation of admit cards, nominal list, roll number list, Identification cards with photo replica and signature facsimile of each candidate. The main aim of this method is to cope up with the increasing volume of applications through innovation and mechanized handling so as to reduce the processing time and completing the recruitments with faster. Moreover other main benefits of the system usage are accuracy, Security, analysis, Capacity and Economy. It has been decided to sell those application forms through 90 Head post offices in the state of Tamil Nadu and also to sell through the counter in the office of the Tamil Nadu public Service Commission. This system will avoid unnecessary postal delays and also facilitate the candidates to get the application form easy on the date of Notification from the nearest post office.

3) DOUBLE VALUATION OF OMR ANSWER SHEETS.

There should be a system of checking / verifying the correctness of valuation of OMR answer sheets by scanning machine, eventhough it is done by the computer. In order to facilitate this, the system of double scanning has been introduced.

SECTION - VI

A. NON ACCEPTANCE OF COMMISSION'S ADVICE:

During the year under report, the Government have deviated in 3 cases from the Commission's advice. The details are as follows:

CASE No.1 :

During August '97, the Government in Health and Family Welfare Department, sought the views of the Commission on the appeal preferred by a Reader in Surgery, Government Arignar Anna Memorial Cancer Institute, Kancheepuram, formerly Assistant Professor of Surgery, Thanjavur Medical College, Thanjavur, against the punishment of stoppage of increment for one year without cumulative effect. In this case, disciplinary action had been initiated by the Director of Medical Education, Chennai under rule 17(a) of the Tamil Nadu Civil Services (Discipline and Appeal) Rules against the said appellant in connection with his act of unauthorized absence from duty and disobeyal of orders of his superiors by not reporting for duty at the new station as directed.

The Director of Medical Education, Chennai held the lapses as proved and for the proven lapses, he imposed on the appellant, the penalty of stoppage of increment for one year without cumulative effect. The appeal preferred against the said penalty was forwarded by the Government for obtaining the commission's views. The Commission's examined the case and considered that the punishment imposed was on the high side for the gravity of the lapses. The Commission,. therefore, advised the Government in March' 98 that the said penalty of stoppage of increment be reduced to 'Censure'.

But, the Government have issued orders in G.O.(D) No.1159, Health and Family Welfare Department, dated 31.08.98 rejecting the appeal. The Government have, thus, issued orders deviating from the Commission's, views. The Government have merely relied upon the following reason for deviating from the Commission's views:-

'The punishment suggested by the Commission is very low when compared to the delinquency committed by the appellant'.

Thus, Orders issued in the said Government Order were not in accordance with the advice of the Commission sent to the Government. In other words, the Government have deviated from the Commission's Views.

CASE NO. 2:

During September'94, the Government in Rural Development Department, sought the views of the Commission in the disciplinary action taken against Block Development Officer, Rishivandiam Panchayat Union (retired), South Arcot District for his act of negligence and carelessness in his duties resulting in a financial loss to the scheme funds. The Commission after examining the above case with the connected records pointed out certain defects in the procedure followed in the proceedings of the case and advised the Government in August 1995 to set right the defects and to proceed the case from the stage where the defects had crept in. But, the Government have issued orders in G.O. (1.D) No. 1,R.D.(E6), dt. 6.1.99 to impose a cut of Rs. 50/- p.m. from the pension of the delinquent officer (retired) for six month.

The Government have relied upon the following points for deviating from the Commission's advice :-

1. The Enquiry Officer in his report has held all the charges as proved only in his conclusion, he has recommended to consider the case on humanitarian grounds in view of the delinquent officer's attainment of age of superannuation. Hence, the disciplinary authority has independently examined the case and arrived at a conclusion. Moreover, the Enquiry Officer has submitted his report in 1990. As a period of seven years has already passed by the conduct of oral enquiry afresh would lead to further delay in the finalisation of disciplinary proceedings. In the circumstances it is felt that the Government can deviate from the Commission's advice in regard to the defect pointed out by the Commission in this regard.

2. A copy of Enquiry Officer's report was communicated to the delinquent officer on 29.11,95 and despite several reminders issued, representation on the findings of the enquiry officer was not received from the delinquent officer (retired). Thus, the defect of non-furnishing of a copy of Enquiry Officer's report to the delinquent officer has been set right as stated above.

3. The orders of the Divisional Development Officer, Virudhachalam recovering a sum of Rs.6000/- from the D.C.R.G. of the retired delinquent officer has been cancelled

by the Government in their letter dated 30.12.93. The defect in this regard pointed out by the Commission has thus been duly set right.

The act of the Enquiry Officer's recommendation in his report to view the case sympathetically was found to be not in accordance with para 9 under chapter III of the Hand Book on disciplinary procedures. While this defect had been pointed out to the Government for rectifying the Government have issued orders deviating from the Commission's advice.

CASE NO. 3:

The Government had requested the Commission in its letter dated 09.08.98 to accord its concurrence under latter part of 16(b) of the Tamil Nadu public Service Commission Regulations, 1954 for the transfer of service of one Thiru. V Manuvelu. The Government had stated that the individual was selected by the Commission for appointment as Junior Assistant and appointed in the Medical Department. While he was working as Junior Assistant, in that department, he applied for M.B.B.S. Course with the Permission of the Government. He passed the M.B.B.S Examination in October'96. And also completed his CRRI. On 28.01.98. The Government had also informed that the individual belongs to SC.

The proposal of the Government was examined by the Commission. The Commission informed the Government that there is no provision in the rules that a candidate selected by the Commission for the post of Junior Assistant in the Tamil Nadu Ministerial Service after acquiring M.B.B.S qualification to appoint by transfer as in the Tamil Nadu Medical Service. Further, if the individual desires he can apply for the recruitment to the Post of Assistant Surgeon and get selected.

(X) 30.03.99

The Government after receiving the Commission's views issued G.O.Ms.No. 127, H & F.W. dated (X) ~~30.08.98~~ appointing the individual as Assistant Surgeon by transfer of service as a special case, against the views of the Commission. In that G.O. it was also mentioned that the individual has only 2 ½ months service as on 30-03-99 for his super annuation.

The Commission has communicated its views to the effect that there is no provision in the rules for the transfer of service of the individual and action of the Government appointing him as such as a special case is not only against the rules but also an irregular appointment. The Commission is of the opinion that the action of the Government will become a precedent in the coming years has been intimated to Government.

B. NON-CONSULTATION WITH THE COMMISSION:

Number of Cases : Nil

C. The details of the number of cases in which the Government have not accepted the Commissions advice and the number of cases in which Government have not consulted the Commission are given for the latest five years in Annexure - XI.

ACKNOWLEDGEMENT

The Commission record their appreciation of the willing Co-operation extended by various Trusts, Educational Institutions and their Officers in the matter of providing suitable accommodation for the various examinations held by the Commission.

The Commission are also grateful to the Examiners and Experts who inspite of their personal inconvenience readily accepted the Commission's invitations and assisted them in the conduct of different examinations and selection of Officers to various posts under the State Government.

The Commission thank all the Secretaries to Government and Heads of Department for their kind Co-operation in finalising the selections of candidates for appointment by recruitment by transfer/promotion through the Departmental Promotion Committees.
